

## Dissecting the Cherokees w/emphasis on the Piper Arrow

This classroom/Laboratory session is being held to accommodate those who could not attend the March 12th seminar on the same subject/s due to a lack of seating.

Aircraft performance, propeller system, gear system, electrical system, fuel system, engine, etc. Steve Keesey will explain what his data, and research efforts (CAIR/AVDEX) are exposing about us and our aircraft.

**Directions:** Class will be held on the 2nd floor of the main terminal, and the Laboratory portion in a heated hangar.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
